Pioneer Passes Carmangay Pays Tribute

From Lethbridge Herald

An impressive funeral service for the late Joseph A. Neilson who died Jan 10 was conducted in the Community hall, Carmangay, on Saturday at two p.m. Bishop Orvil Smith of the LDS church presided. The opening prayer was given by Bishop Morgan Pitcher of the Calgary ward, and Elder Morgan Smith read the obituary. A choir assembled for the occasion included members of the church from Clareholm, Calgary and Carmangay. Elder Lloyd Ririe of Calgary gave a comforting sermon, basing his talk on the invocation "Our Father" from the Lord's prayer. Referring to the pioneer parents of the late Mr. Neilson the speaker touched on the hardships the early members of church had suffered. He urged the necessity for absolute sincerity in life whatever form of religion one followed because he believed all would be judged according to the faithfulness with which they had fulfilled their earthly obligations. The benediction was pronounced by Bishop Stanford of Stavely.

Many beautiful floral tributes from family and friends covered the casket which was borne from the hall by old friends—O. W. Folk, George Balewin, Art Hopkins, H. S. Parker, Pete Holmes and McClennen.

Interment was in Calgary Sunday.

Chronicle Has Eastern Plant

Announcement is made that Gillivray S. McRae, proprietor of The Chronicle has acquired the business of the Waterdown Review, Waterdown Ontario, the transfer becoming effective January 15th. Mr. McRae will continue as proprietor of The Chronicle despite the distance between the two plants. It is hoped that the service to the community may be strengthened and as a result of the transaction.

Mr. Kenneth Glinz will operate the local plant for the proprietor and the co-operation of all advertisers and patrons of the job work department is respectfully sought. It is expected that Mr. McRae will return to Champion very shortly and frequent visits between the two plants may be necessary but with efficient air-mail service all necessary details can be worked out so that the business may not suffer. Miss Tuisku will be able to communicate details between the plants.

Waterdown County of Wentworth, is one of the oldest settled parts of Ontario, the first settlers arriving in the later part of the 17th century, and it has a most interesting historical background. Service Clubs maintain a high standard of community spirit both from the business and cultural aspects. It is one of the beauty spots of Ontario during the summer. Its population of 1000 is greatly increased during the tourist season as its attractiveness as a resort has been well advertised by their local Chamber of Commerce.

With an old established business the Waterdown plant acquired by the owner of The Chronicle will be able to assist the local situation if and when the necessity arises.

Attentiot Girls

Now that we have entered Leap Year and one of Andy's two girls have already proposed we are wondering what the girls in Champion, Carmangay and Barons are going to do.

Girls this is your greatest opportunity since 1936 and you won't have another until 44. This is ladies year so make the most of the 366 days.

There are some fine looking chaps in your district who are just too bashful to propose but their heart is in the right place and they will make real good providers, so don't hesitate. Just Use your grace and charm and courage and pop the question.

And here is a bright idea too. Have your announcements printed in advance, and tender them with your proposal. he cannot resist that.

Annual Meetings

This is the time of year that ratepayers, businessmen and others take stock of their work during the past year. It is hoped that the attendance at the annual meetings will be satisfactory so that those in charge of your affairs of your organization may be able to determine the policy to be followed for 1940.

Officers are now making out the financial statements for your consideration. In most cases these will be printed and distributed to those attending the meetings. This being the case, then the clear duty of all concerned is to attend and ask the questions which require explanation. If there is one thing which members of the council or board dislike it is harping criticism often levied against them on the street when such is not justified. A simple question asked at the public meeting often clears the air. If it happens that the criticism is reasonable, then when brought before the meeting a change of policy may be carried out.

450 B. C. IN ANCIENT EGYPT

The art of brewing was known and practiced for many hundred years before the Christian era. In 450 B. C., we are told that the Egyptians being without vines, made a wine or beer from corn. Pliny and Hellanicus informed us that the Egyptians are thought to have derived their taste for "Zythum" (meaning a barley drink) "because it was necessary for human bodies."

A. M. A. Appeal

Opening of a new year has caused friends of the Alberta Motor Association to make an appeal to motorists to reduce the accident toll.

At the present time various forces are co-operating with the earnest desire to achieve a much better showing for Alberta through a unified effort in 1940.

City police officers are checking up on drivers and town officials are taking similar action. On the highways R.C.M.P. officers are on the alert.

A number of bad highway accidents have been reported during the past few weeks making it essential that attention should be directed with fresh vigor to safety measures.

Driving conditions at this period of the year are especially hazardous on account of icy surfaces, frosty car windows and poor visibility at times.

While police are endeavoring to enforce the laws regulating traffic, their work can be helped a lot by drivers exercising special care.

Efforts are being made to bring a 'holiday from death' to Alberta, something which warrants the earnest support and ready co-operation of all citizens.

Now is the time to campaign for safety, and that is something to which the A.M.A. is giving its fullest support.

Use the want ads, it pays.
